

# Bluff Prairie Community Solar

Red Mound, WI

## Community-Owned Solar is for Everyone

Vernon Electric Cooperative's new Bluff Prairie Community Solar Farm, developed by OneEnergy, LLC, is a local community-based solar solution built right here in our area. Now, as a Vernon Electric member, you can own fully maintained solar panel subscriptions in Vernon Electric's new community solar farm. Without changing your home or property, you can save money with local clean energy that's easy, accessible, and affordable!

### Easy For Everyone

- Available to all Vernon Electric members on a first-come, first-served basis – residential, business, nonprofit, renters, owners
- Nothing on your home or business
- Flexible sizing to fit any budget
- Annual subscription price, no additional fees
- Comprehensive operations and maintenance program included
- Optimally situated with bi-facial, sun-tracking panels for increased power generation
- If you move to another Vernon Electric-served location, your bill credits and savings move with you
- If moving outside our area, your subscription ends at the end of the year
- Website monitoring to easily track performance and savings

### Savings with Solar

- Monthly credits from the power produced displayed on your Vernon Electric bill
- Protect against inflation – your savings increase as energy prices rise
- Price: \$50 per panel subscription, limited to your previous year's electric use
- Subscription begins on January 1 of each year and ends on December 31
- Projected First Year Savings: \$56 per subscription
- Projected First Year Return on Investment: 12%

### The Bluff Prairie Community Solar Garden

- Land: Total project on 8.91 acres seeded with pollinator habitat
- Location: Western Vernon County at Red Mound on the south side of Hwy 82

Continued on back side...

- Community Solar Capacity: 900 kilowatts (KW) (1,966 solar panels)
  - 648 KW (1,416 solar panels) open to member subscriptions
  - 252 KW (550 solar panels) assigned to Energize Wisconsin income-eligible program
- Energy: ~1,900,000 kilowatt-hours per year

### Get Started Today!

- If interested in subscribing to solar power generation for your business or home, contact Vernon Electric for a proposal that presents a subscription suitable for your electricity usage, and your budget. Subscribing is easy and ensures you will start saving the moment the community solar garden is activated!
- Call us at: 1-800-447-5051 or Email: [info@vernonelectric.org](mailto:info@vernonelectric.org)

### Energize Wisconsin Program (separate from \$50 per subscription program)

- A partnership between Couleecap, the Wisconsin Public Service Commission's Office of Energy Innovation, and Vernon Electric Cooperative
- No member action needed for Energize Wisconsin program - Couleecap assigns 550 subscriptions to income-eligible members at no cost to those members
- Qualified members receive credits on their electric bill from their assigned solar subscription output
